THE GRAND CANYON STATE TURNS 110!

Arizona is the 48th state and last of the contiguous states to be admitted to the Union, achieving statehood on February 14, 1912. Historically part of the territory of Alta California in New Spain, it became part of independent Mexico in 1821. After being defeated in the Mexican–American War, Mexico ceded much of this territory to the United States in 1848. The southernmost portion of the state was acquired in 1853 through the Gadsden Purchase.

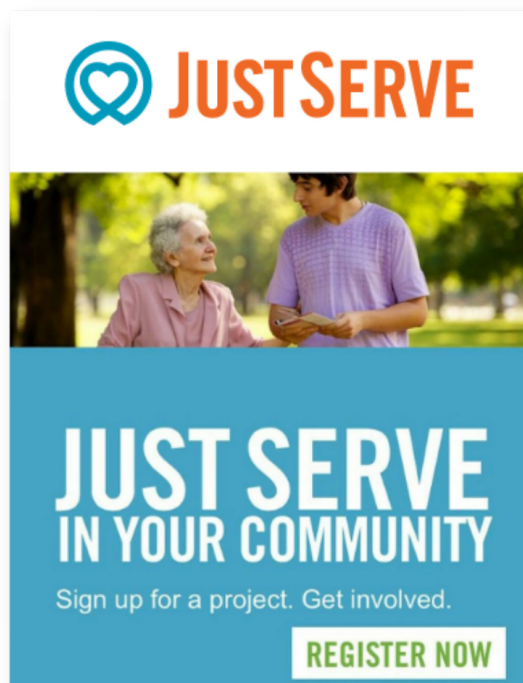

A STEP BACK IN TIME ...

Another reason to visit Greenlee

The Spanish explorer Francisco Vasquez de Coronado and the Conquistadors likely followed the Gila and San Francisco Rivers through the Clifton area in his search for the Seven Cities of Cibola.
